E The prices indicated are public prices excluding VAT. The terms and conditions of sale will be communicated to you by the agent responsible for your region

As manufacturers, most of our designs can be customized for special projects.

Cable lengths, colors, finishes, and even dimensions can be made to measure.

Our design office supports architects and interior designers in the development of bespoke projects.

We have also developed a complete range of hanging solutions to meet projects with specific technical requirements.

Each project can be carefully studied in order to propose the most suitable solution.

We have developed canopies for single pendant lights as well as for small or large multi-light configurations

F Les prix indiqués sont des prix publics hors TVA. Les conditions de vente vous seront communiquées par l’agent responsable de votre région.

En tant que fabricants, la plupart de nos modèles peuvent être personnalisés pour des projets spécifiques.

La hauteur des câbles, les couleurs, les finitions et même les dimensions peuvent être réalisées sur mesure.

Notre bureau d’études accompagne les architectes et les designers d’intérieur dans le développement de projets sur mesure.

Nous avons également développé une gamme complète de solutions de suspension adaptées aux projets présentant des spécifications techniques particulières.

Chaque projet peut être étudié afin de proposer la solution la plus appropriée.

Nous avons développé des rosaces pour suspensions simples, mais aussi pour des compositions multiples, de petite ou grande taille

I I prezzi indicati sono prezzi pubblici al netto dell’IVA. Le condizioni di vendita vi saranno comunicate dall’agente responsabile della vostra zona

In qualità di produttori, la maggior parte dei nostri modelli può essere personalizzata per progetti speciali.

L’altezza dei cavi, i colori, le finiture e persino le dimensioni possono essere realizzati su misura.

Il nostro ufficio tecnico supporta architetti e interior designer nello sviluppo di progetti su misura.

Abbiamo inoltre sviluppato una gamma completa di soluzioni di sospensione per soddisfare progetti con specifiche tecniche particolari.

Ogni progetto può essere studiato per proporre la soluzione più adatta.

Abbiamo sviluppato rosone per lampade a sospensione singole, ma anche per composizioni multiple di piccole o grandi dimensioni
